ELYON PHARMACEUTICALS SERVICES

KnowledgeEmpowerment:

Knowledge is one of the important key in the path of success. In this rapid and fast changing world one must always strive for the up gradation of knowledge to cope up with the latest development in the field of medicine.

We at **ELYON** strongly believe in this concept of continuous up gradation of knowledge in the field of medicine and with this aim **ELYON** is dedicated and is always ahead in conducting and contributing towards Continuous Medical Education (CME) Programmes and activities for academic research & development in the field of medicine.

Doctors are our prime prospects. They are providing their matchless services to the society and by contributing towards this noble cause of knowledge empowerment we are feeling honoured and express our sincere thanks to the medical fraternity for giving us these kinds of opportunities.

We feel it's our small step towards the matchless services of the doctors which they are providing to the society.

Manufacturing Facilities

Our manufacturers confirm to highest standards of quality parameters.

Our products are being manufactured by WHO GMP, ISO 9001, ISO 14001 certifications, USFDA and UKMHRA approved plants. They follow stringent quality control procedures at every step right from the purchase of raw material till the dispatch of finished goods.

The state-of-the-art manufacturing facilities empowered by world class machineries and skilful workforce ensure the manufacturing of world class products.

Highest care is taken in selecting, developing and retaining quality people to run the quality machines by our manufacturers.

Marketing

Our theme of marketing is to care for our customers and this responsibility doesn't lie on the shoulder of Marketing Department, rather all the company's departments work together to serve the customers' interests. And by the customers we don't mean only external customers, but also the internal customers i.e. our employees. Thus we always thrive to build and maintain an integrated marketing environment within the organisation.

QualityControl

Our mantra is –

”Chase the Quality and Quantity will Chase you”

Quality Control is one of the fundamental and significant pillars of our company. We take sincere and calibrated efforts to ensure that our products have top class quality, safety and efficiency. Our manufacturing process complies with most strict GMP standards.

We follow stringent quality control procedures at every step right from the purchase of raw material till the dispatch of finished goods.

We would like to be known as a company that helps to define quality standards. We would like to ensure that each and every product reflects the **ELYON** stamp of world class quality. Every drug is explored to its last particle with state-of-art quality assurance instrumentation to help formulate a medicine that reflects efficacy and safety.
